ABOUT

Vector North Group is a hybrid People + Operations consultancy supporting government and mission-driven organizations with workforce solutions and people-operations enablement. We build scalable systems, processes, workflows, governance, and performance infrastructure—so teams can execute consistently as they grow.

CORE CAPABILITIES

Workforce Solutions (Government)

- Staffing / augmentation support
- Talent acquisition support (sourcing, screening, interview coordination, stakeholder comms)
- Workforce planning (capacity forecasting, skills/role mapping, pipeline support)
- Mission-critical human capital services

People Operations Enablement

- HR infrastructure buildout (SOPs, playbooks, operating rhythms)
- Performance management and leader enablement
- Policy, governance, and compliance-ready process design
- HR enablement and reporting cadence (as applicable)

Operations & Execution Support

- Workflow design and process standardization
- Organizational design and role clarity support
- Change enablement tied to adoption and measurable outcomes

DELIVERY MODEL: VECTOR NORTH “PEOPLE OS” (8-STAGE LIFECYCLE)

Attract • Onboard • Develop • Engage • Retain • Exit • Governance • Enablement

DIFFERENTIATORS

- **Hybrid strategy + implementation:** we operationalize the work—not just recommend it
- **Lifecycle delivery model:** consistent outcomes across the employee journey
- **Execution-first approach:** systems, workflows, cadence, accountability, and reporting
- **Procurement-friendly alignment:** codes mapped for rapid scope matching
